## Police use of facial recognition 'unlawful'

THE use of automatic facial recognition (AFR) technology by South Wales Police is unlawful, the Court of Appeal has ruled.

It follows a legal challenge brought by civil rights group Liberty and Ed Bridges, 37, from Cardiff.

The court found its use was proportionate interference with human rights, as the benefits outweighed the impact on Mr Bridges.

Mr Bridges had said being identified by AFR caused him distress.

The court upheld three of the five points raised in the appeal.

It said there was no clear guidance on where AFR could be used and who could be put on a watchlist, a data protection impact assessment was deficient and the force did not take reasonable steps to find out if the software had a racial or gender bias.

The appeal followed the dismissal of Mr Bridges' case at London's High Court in September by two senior judges, who had concluded use of the technology was not unlawful.

## Cruise lovers' holidays sunk

P&O Cruises has extended its suspension of sailings until mid-November.

The UK's largest cruise line said the decision was due to the Foreign and Commonwealth Office advising people to avoid cruises because of the coronavirus pandemic.

It has cancelled all sailings until November 12, while two trips with longer itineraries due to begin in January 2021 have been suspended.

The firm had previously cancelled sailings until October 15.

AN enormous volcanic eruption in Indonesia has shot a vast plume of ash and dust over three miles into the sky and plunged local villages into darkness.

The Mount Sinabung volcano, on North Sumatra, spewed out thick layers of ash that covered areas up to 12 miles from the crater.

There have been no fatalities or injuries from the eruption, as yet, according to Indonesia's Volcanology and Geological Hazard Mitigation Centre.

People have been advised to stay at least three miles from the crater's mouth and should be aware of the peril of lava, the agency said.

The volcano had been

dormant for over 400 years until an eruption in 2010 in which two people were killed.

Since then, several eruptions have occurred. An eruption in 2014 killed 16 people, while seven died in a 2016 eruption.

The cone-shaped Mount Sinabung stands 8,000 feet high and is among more than 120 active volcanoes

in Indonesia. The region is prone to seismic upheaval due to its location on the Pacific "Ring of Fire", an enormous network of volcanoes and fault lines encircling the Pacific Basin.

Due to the renewed activity of the volcano over the last decade, around 30,000 people have been forced to leave their homes around the mountain.

**AROUND 730,000 UK workers have been removed from the payrolls of British companies since the coronavirus lockdown began in March, according to new data from the Office for National Statistics.**

The ONS said employment rates continued to decline in the last month as another 81,000 jobs fell off payrolls across the country, pushing the number of employed to just under 28.3 million.

But the official unemployment rate is not rising, at 3.9%.

To be counted among the unemployed, workers need to be

By COLIN HURST  
[news@sundaysport.co.uk](mailto:news@sundaysport.co.uk)

actively looking for a new job, which many have decided not to do yet, the ONS said.

"Figures from our main survey show there has been a rise in people without a job and not looking for one, though wanting to work," said Jonathan Athow, the ONS's deputy national statistician for economic statistics.

"In addition, there are still a large number of people who say they are working no hours and getting zero pay."

Between May and June, employment dropped by the largest amount in a quarter

since 2009. The over-65s, the self-employed and part-time workers were especially badly hit.

And the number of hours worked by British employees has dropped to record lows.

The ONS said around 7.5m people were estimated to be temporarily away from work in June, most of them on the government's furlough scheme.

### Record

Around 300,000 people in the UK were away from work because of the pandemic but getting no pay last month, the statisticians revealed.

The number claiming benefits because they are unemployed or underemployed

jumped to 2.7m, a nearly 117% increase since March.

The number of vacancies jumped 10% in May to July at 370,000 from a record low in April to June.

Mr Athow added: "The labour market continues recent trends, with a fall in employment and significantly reduced hours of work as many people are furloughed."

"The falls in employment are greatest among the youngest and oldest workers, along with those in lower-skilled jobs."

"Vacancies numbers began to recover in July, especially in small businesses and sectors such as hospitality, but demand for workers remains depressed."

## SALMOND INQUIRY 'FRUSTRATED'

A HOLYROOD committee looking into the handling of harassment complaints against Alex Salmond is "frustrated and disappointed" at the limited evidence provided by the Scottish Government.

The Committee on the Scottish Government Handling of Harassment Complaints was given documents last week – but parts were redacted on the grounds they

concerned legal advice and were therefore legally privileged.

The evidence seen by the committee describes the process leading up to the £512,250 payout to former first minister Mr Salmond (left) after his successful legal challenge against the Scottish Government.

Committee convener Linda Fabiani said she wanted to express her colleagues' "frustration

and disappointment at the very limited amount of information the Scottish Government has chosen to disclose to the committee in relation to the judicial review."

She urged "a detailed description of the forms of the documents being withheld and the specific grounds for doing so."

In March this year, Mr Salmond was cleared of 13 sexual offences at the High Court in Edinburgh.

## BP worker fired for Hitler meme wins £109,000

A BP worker who was sacked after sharing a meme featuring Adolf Hitler has been awarded £109,000 in compensation.

Scott Tracey, an employee of BP's Australian refinery, had posted a video taken from the 2004 movie *Downfall* on a closed Facebook group with colleagues.

His wife had added subtitles to the clip – a popular and frequently used meme – depicting the Nazi leader ranting about the oil and gas company's ongoing wage negotiations.

Mr Tracey was dismissed after bosses saw the video in 2018.

He then lost his unfair dismissal case when a Fair Work commissioner ruled he had compared his superiors to Nazis.

But the Aussie was reinstated when a full bench at the tribunal accepted his argument that it was clearly intended as a joke.

Having returned to his post at BP Kwinana oil refinery in Perth, the legal battle came to an end when the Fair Work Commission ordered the company to cough up £109,000 compo to Mr Tracey.

## Scots back in the classroom

SCOTLAND'S pupils have returned to classes for the first time since lockdown began nearly five months ago.

Borders and Shetland schools were the first to reopen, with most others following today.

Physical distancing among students will not generally be required but hygiene and safety measures, such as one-way systems, have been put in place.

Except for children of key workers, most of the country's 700,000 pupils have not been in class since March 20.

While councils have been allowed some flexibility over the back to school timetable, the Scottish government wants all schools fully open by August 18.

# CORRIE KATIE: HANDS OFF MY WONKY BOOBS!

**Star  
blasts  
trolls**

**CORRIE star Katie McGlynn has asked fans to stop talking about her "wonky" boobs.**

The actress, 27, took to Instagram to share a selfie of her glamorous red gown from the TV BAFTAs, joking that her "wonky bosoms" were out and proud.

Katie said she had never felt more glamorous than she had on the night of the BAFTAs after being nominated for Virgin's Must See TV Moment for her emotional exit scenes as Sinead Tinker.

But she also admitted that a troll had messaged to remark that one of her breasts seemed to be "higher than the other".

## **Insults**

And she urged her fans to stop posting such veiled insults on her account.

Katie wrote: "Me and my wonky bosoms having a whale of a time celebrating this year's virtual television @baftas."

"Last Friday I posted a photo on twitter after getting all glam for this year's awards (so gutted we couldn't do the proper

ceremony, as I've never been).

"But someone chose to give me the back handed compliment of 'you look stunning BUT one breast is slightly higher than the other'."

"So I just wanted to show off the wonky gals again to let you all know that having uneven breasts is perfectly normal, in fact, it's actually much more common for women to have asymmetrical breasts..."

"Big tits, small tits, wonky tits, saggy tits or no tits... let's all try and be a bit more positive and kind shall we."

## Harry & Meg's 'Penis' tease

**PRINCE Harry and Meghan Markle are being ridiculed – because their adopted pet dog's name is slang for "PENIS" in Romanian.**

Pals of the former royal couple said they christened their black Labrador 'Pula' after the currency in Botswana, where they dated.

But mocking Romanians are slating the pair, as it means something a lot more crass in their language.

One Romanian Twitter user said: "Surely someone in their group would have Googled Pula to ensure it wasn't Romanian for penis?"

## Sold – the £1m gold & diamond COVID mask!

A JEWELLERY company is working on what it says will be the world's most expensive coronavirus mask – a gold, diamond-encrusted face covering with a price tag of £1million.

The 18-karat white gold mask will be decorated with 3,600 white and black diamonds and fitted with top-rated N99 filters at the request of the buyer, said designer Isaac Levy.

Levy, owner of the Israel-based Yvel company, said the buyer had two other demands: that it be completed by the end of the year, and that it would be the priciest in the world.

He declined to identify the buyer, but said he was a Chinese businessman living in the United States.

"Money maybe doesn't buy everything, but if it can buy a very expensive COVID-19 mask and the guy wants to wear it and walk around and get the attention, he should be happy with that," Levy said.

## Rail industry 'penalised' for cleaner trains

TRAIN companies are urging the Government to consider raising taxes on road and aviation fuel to cut carbon emissions and promote rail travel.

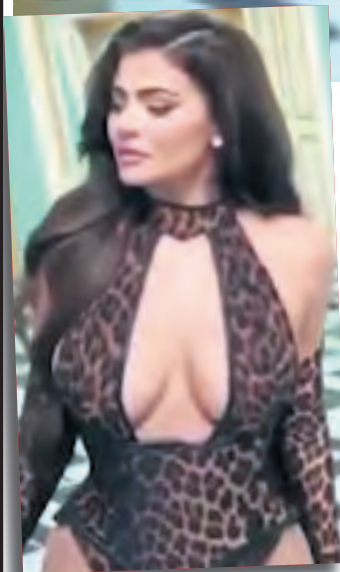

Industry body the Rail Delivery Group (RDG) wants a shake-up of transport tax policy to reflect "how polluting a journey really is".

In a submission to the Government's transport decarbonisation plan, it stated that road fuel duty has been frozen since March 2011 and jet fuel is exempt from tax.

But levies have more than doubled in the past four years on electricity used to power trains, says the RDG, which said taxes now make up 40 per cent of total electricity costs for operators.

It claimed the rail industry is being "penalised" when it replaces diesel trains with cleaner electric trains.

# KYLIE'S BIG BOOBS SPARK RACE STORM!

## Row over cameo on Cardi B video

**WELCOME to 2020 – where doing stuff that is NOT racist apparently IS racist!**

Cardi B and Megan Thee Stallion recently treated fans to a visual masterpiece with their collaboration on the WAP music video.

And the duo even included a special cameo, as Kylie Jenner made a very brief but impressive appearance.

### Unhappy

But some fans weren't too pleased with the addition of the Kylie Cosmetics mogul and launched a petition to remove her from the video – which has had more than 24 million views on YouTube.

The Change.org petition has reached more than 37,000 of 50,000 signatures, stating: "The video was perfect until we saw K and I wanted to throw my phone."

One person commented: "I was happily enjoying my daily cup of brown women until that culture stealing

colonizer showed up and made me spill. Thankyou"

Another wrote: 'she is a culture vulture who doesn't remember how her own complexion looks! down with the culture vultures!!!'

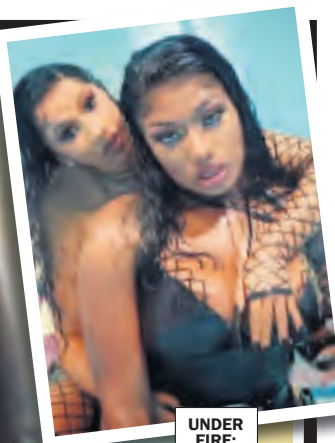

It comes amid several memes throwing shade at the appearance, as many are unhappy with a white woman appearing in a video with black women.

But Cardi came to the defence of the multi-millionaire, posting to Twitter: 'I wanna say thank you to every woman that was a part of my video!'

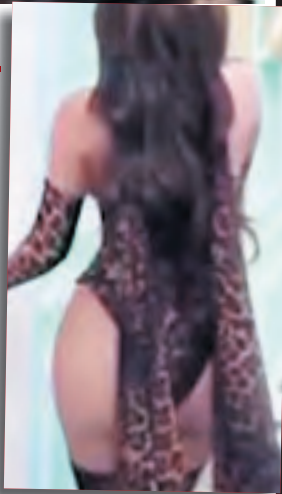

'It was so important to me to include different women, that are different races and come from different backgrounds but are so powerful and influential.'

One fan said: "Bollocks to the touchy racial politics. I just enjoyed Kylie's busters. Phwoar!"

# I'M **NOT** GOING TO KILL MYSELF! Ghislaine whines about prison anti-suicide measures

GHISLAINE Maxwell is whining about the "onerous" conditions she's facing at a federal lockup in Brooklyn – including 24/7 camera surveillance and guards taking notes on her every move, according to court documents.

A motion from Maxwell's attorneys asks that she be moved out of solitary confinement and into the general population at the

Metropolitan Detention Center ahead of her trial on charges she helped Jeffrey Epstein exploit and abuse underage girls.

"It has become apparent that the treatment of Ms. Maxwell is a reaction to the circumstances surrounding the pretrial detention and death of Mr. Epstein," the lawyers argued in the filing.

"As a result of what occurred with Mr. Epstein,

Ms. Maxwell is being treated worse than other similarly situated pretrial detainees."

The multi-millionaire paedophile was found hanging inside his jail cell a year ago, shortly after he was busted on sex-trafficking charges. Two corrections officers were later accused of falsifying records and failing to check on him the night he committed suicide.

But Maxwell, 58, "has never been suicidal and was never

diagnosed as exhibiting risk factors for suicide", her lawyers wrote.

Until recently, the British socialite was under suicide watch, which included being woken up every few hours and being forced to wear special clothes, the filing states.

"Her cell is [still] searched multiple times a day and she has been forced to undergo numerous body scans," her attorneys said.

**Daisy:** I trusted co-star in *Normal People* sex scenes

*NORMAL People* star Daisy Edgar-Jones has spoken about her X-rated sex scenes with co-star Paul Mescal.

The 22-year-old actress (above), who plays Marianne in the miniseries, revealed: "It was about creating a real friendship with Paul so we could trust each other."

"I'm lucky he and I understand each other and have a very similar sense of humour."

"Neither Paul nor I are ever sexualised in those moments. It's just a story of young love."

"I'm really proud of it. It's so raw and honest."

"We're not just seeing a glossy, honeymoon portrayal of love, we're seeing the rust of life. It's the truth of growing up."

On landing the role of Marianne, Daisy confessed: "It was bloody terrifying. When I got the part, I was very excited."

"Then I had the fear settle in, the imposter syndrome of thinking, have they actually got it wrong?"

AN elderly man was allegedly spotted furiously masturbating on Gloucester's world-famous hill where the annual Cheese Rolling takes place.

Officers from Gloucestershire Constabulary are investigating following reports of an incident on Cooper's Hill last month.

He then walked off in the direction of the woods.

The man is described as a white male, aged about 70. He was wearing blue chino shorts, a grey top and striped shirt, a grey baseball cap and sunglasses.

# TECH TYCOON GETS BLACK EYE FOR WEARING PANTIES ON HIS FACE!

HEALTH ISSUE: McAfee in his 'thong' mask

## Christine is bust great!

SHE recently revealed she had left *The Real Housewives of Cheshire* but has an "exciting" TV opportunity coming up in the next few weeks.

And Christine McGuinness appeared in a very chipper mood as she stepped out in Hale – a suburb of south Manchester that likes to tell people "it's Cheshire, actually".

The model, 32, showcased her incredible figure in a white vest top and denim hotpants after getting her eyebrows done.

One fan said: "If she ever needs a hand getting those beauties into her top, she only needs to call."

## Internet millionaire in 'tussle' with border guards

**A TECH tycoon ended up with a black eye after a "tussle" with authorities over his insistence on wearing a pair of skimpy PANTIES instead of a facemask.**

John McAfee, who made millions with the anti-virus software bearing his name, said he had been detained by Norwegian authorities who weren't impressed by the mask he made out of ladies' underwear.

His wife, Janice, took over his Twitter page a few hours after the incident and confirmed that he had been placed under arrest.

The couple also shared several photos showing off the offending mask – a black lace thong.

### Trivial

McAfee, 74, said: "I am insisting it is the safest available and I'm refusing to wear anything else – for my health's sake," as he also claimed he'd been "roughed up".

He first confirmed his detention in a tweet announcing that he would have to push back the meeting time for his group called the Red Scarf Society.

"Trivial issue but waiting for high level bureaucrats [sic] to arrive. Slow b\*\*\*\*\* as you know," he posted.

Janice later tweeted: "I'll manage John's account until he escapes (usual method), bribes someone (very quick – might be out in a few hours), retains the right lawyer (will be a few days) or becomes warden

of the jail, in which case we will have to force him out."

She then shared a message of support for her husband and his choice of facial covering.

"His thong mask: It doesn't recycle his exhaled carbon dioxide, like over the ear masks. (Breathing impaired people are exempt from wearing masks because they impair respiration)," she wrote.

"Masks stop bacteria. Not viruses people! He was arrested for what he believes."

Janice said she had also refused to put a medically-certified mask over her thong mask, but authorities opted not to arrest her.

It's thought McAfee was in custody for 16 hours before he was released.

He made headlines in 2012 after authorities announced that he was wanted as a "person of interest" in the murder of a neighbour in Belize but was never charged.

The force said in a statement: "The explosive ordnance disposal team have been contacted. The public are asked to avoid the area while the device is safely contained."

THE upcoming fourth instalment of Noah Hawley's quirky series *Fargo*, will debut on September 27, with its first two episodes airing back-to-back.

Originally slated to premiere on April 19, it was delayed by the coronavirus pandemic, which shut down production on the show in mid-March.

The series is now in pre-production in Chicago, with filming on the remaining few of the 11 episodes due to resume in later this month.

Chris Rock (above) will star in the latest series. Previous stars have included Billy Bob Thornton, Brit Martin Freeman and Kirsten Dunst.

The series is set in 1950 Kansas City, where two criminal syndicates have struck an uneasy peace.

Between them they control an alternate economy of graft and drugs.

To cement their truce, the leaders hand over their sons to their opposite numbers as hostages.

## Domino effect: lockdown boost for pizza sales

DOMINO'S Pizza has seen sales surge in the UK and Ireland as demand for takeaways jumped during the coronavirus lockdown.

The group posted a 5.5 per cent rise in sales over the six months to June 28, with UK like-for-like sales up 4.8 per cent.

But the group said underlying pre-tax profits dropped 4.6 per cent to £47.6million in the same period after it was hit by £6.2million in costs for extra safety measures amid the pandemic.

Domino's switched off customer collection throughout the lockdown, seeing collections tumble 87 per cent in the second quarter, while deliveries surged 22 per cent.

Domino's said it has since restarted collections and that trading in the first few weeks of the second half has been "encouraging".

The former James Bond star has seen some of his female co-stars get "upset" when they're asked to disrobe for a scene.

And he thinks audiences should just go and watch porn if they're looking to see sex on screen, as it can detract from "serious" work.

Dalton, who played 007 in *The Living Daylights* and *Licence To Kill*, said: "I know the girls don't like it, when they're asked to take their clothes off or do nude shots.

"They do it, but they don't like it. They're always upset.

"There's plenty of porn online. I think if people want to see naked bodies, they can go online and find it.

"Those of us trying to make good, serious work... why do we need to offer people gratuitous sex? It's not necessary.

"It's silly to put people in situations where they are embarrassed, or where they're worried about what their kids or husbands are going to think about them.

A PIZZA delivery driver was woken up in the early hours to the sounds of a BEAR wrecking his car.

Apparently, the vehicle still smelled like pizza and the bear, unaware that there was no actual food inside, was hoping to find a snack.

He said: "I think it was the delicious smell of the pizza that drove the bear to the point where he could not resist the urge to go into the car.

"It's pretty totalled on the inside. The seat belt was ripped completely out. The panel where the stereo is has been ripped off completely."

**WHAT** with a pandemic killing thousands, the worst recession since the Stone Age just around the corner, wildfires in Australia and Greta Bloody Thunberg, 2020 won't be remembered as a brilliant year.

What's more, the death plague has all but closed down telly and movie production – and when filming restarts, the idea of a sex scene being shot is little short of fanciful.

But, bizarrely, 2020 is turning into a classic for stripping off on screen.

Of course, movies released this year have been filmed before the contagion sprung from a Chinese shit market in faraway Wuhan.

And with the restrictions on cinemas, most of us will be watching these films in the privacy of own homes.

And that's no bad thing, considering...

### 365 Days

THIS Polish romantic dramedy was critically thrashed because of its lack of anything except for boundary-pushing sex scenes.

It stars Michele Morrone as Don Massimo Torricelli and Anna-Maria Sieklucka as Laura Biel.

Now labelled the Polish "50 Shades", *365 Days* features shocking sex scenes throughout.

It's filth, sheer filth.

### Shirley

BASED on Susan Scarf Merrell's book of the same name, *Shirley* revolves around the titular horror writer, who finds inspiration for her new book from a young couple who move into her home.

Right from the jump, the film establishes its sexual themes by depicting a train sex scene.

Elisabeth Moss and Odessa Young in the bath is a scene that immediately springs to mind.

### Seberg (2020)

STARRING Kristen Stewart, *Seberg* is another political thriller set in the 1960s.

It centres on a French new wave actress, Jean Seberg, and shows how the FBI targeted her because of her relationship with Black Panther activist Hakim Jamal and her involvement in the civil rights movements.

Early on in the film, there is a sex scene between Stewart and Anthony Mackie in the roles of Jean and Hakim.

And as you can see, Stewart does have lovely busters.

### Sergio (2020)

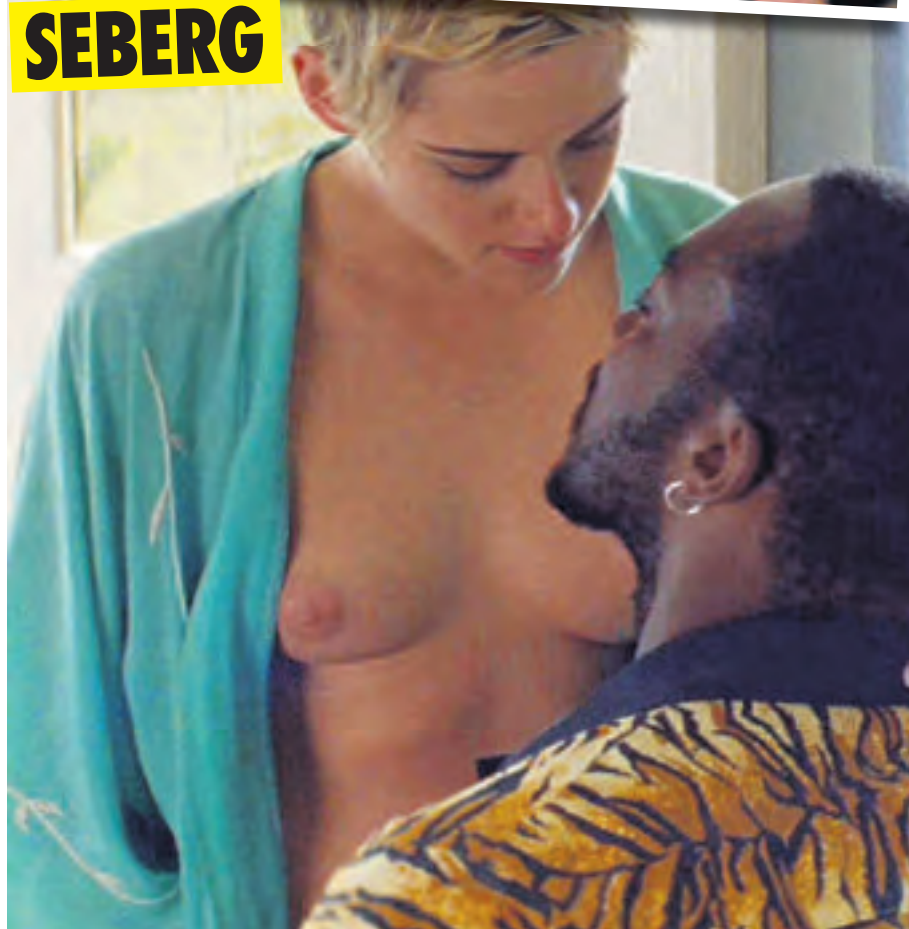

THIS American biographical drama film is about Sergio Vieira de Mello, who was a United Nations diplomat.

There's a long, sizzling sex scene between Sergio, played by Wagner Moura (*Narcos*), and Carolina, played by the sizzling Ana de Armas (*Knives Out*).

The German supermodel found the attention she received at the pinnacle of her catwalk career "insane" and admitted she couldn't leave her intimate possessions alone for more than a few minutes or they'd be stolen by lusty fans.

She recalled: "It was insane. Like being a rock star. You couldn't get to your car."

"We had security at every fashion show – even employed to guard my underwear!"

"When I was out on the runway, I'd come back and my underwear would constantly be gone."

However, Claudia, 49, feels she could still lead more of a "private" life than the models of today – because social media didn't exist in the 1990s.

"What was great in the '90s though was not

She added: "However, I do love sharing fashion moments of my life on Instagram."

"I love what I do, but I value my privacy and I'm in a very fortunate position to be able to concentrate on collaborations I'm passionate about."

# BBC CAROL RED-FACED OVER HER OUTDOOR SEX BOOB

OOPS! Carol's slip of tongue in park

By GRACE HOOPER [news@sundaysport.co.uk](mailto:news@sundaysport.co.uk)

**CAROL Kirkwood had BBC Breakfast viewers in stitches after she accidentally announced live on air she had seen 'lots of doggers'.**

Speaking from Greenwich park, the weather presenter, 57, said: "The sun is beating down and we've seen lots of doggers – not doggers of course – dog walkers and joggers around here during the course of this morning."

Taking to Twitter after the X-rated gaffe, Carol penned: 'That will teach me to try and say joggers and dog walkers in the same sentence!!! Sorry!xxx'

And it seemed Carol wasn't the only one to see the funny side of the gaffe – as viewers were quick to take to Twitter.

## Choked

'Hahaha, influx of visitors to Greenwich park now looking for doggers,' wrote one.

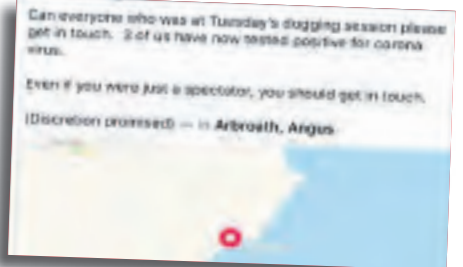

While a second penned: 'Almost choked on my weetabix laughing. Obviously all the 'joggers' must have already had theirs!'

Others questioned how she managed to keep a straight face – before branding her 'a true professional.'

'How did you manage to stay so compose, we were in fits?' A true professional!!' wrote one.

Another agreed: 'How you kept going I don't know, gave us all a good laugh amongst the doom and gloom that is the rest of the news.'

## DOGGERS IN COVID ALERT

**WERE you dogging in Arbroath last week?**

Well, you may DIE! An alarming Facebook post over the weekend informed sex people that participants at a dogging session in Arbroath had tested positive for COVID.

While the seaside town is not renowned for its dogging scene, enough take part in the X-rated sport to spark an alert.

The post, left by "Cameroon Dave", warns:

"Can everyone who was at Tuesday's dogging session please get in touch. 3 of us have now tested positive for corona virus."

Even if you were just a spectator, you should get in touch.

(Discretion promised)" A full three weeks before lockdown, the Buckinghamshire dogging community decided to cancel meet-ups amid coronavirus fears.

## W\*inking on the up during lockdown

**SINGLE** horny Brits are wanking themselves silly during lockdown, a new poll says.

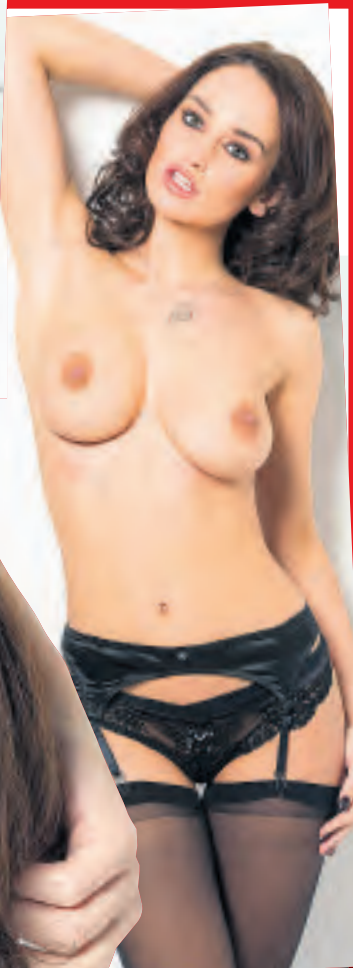

Dating app Badoo found 37% of single people admitted masturbating more than usual during the COVID-19 pandemic – an average of once a day, from March 23.

The tech firm surveyed 1,000 people aged 18-50, and found 70% are worried about a second wave of coronavirus and are therefore trying to stay at home – and stay safe – as much as possible.

They also discovered three-quarters of singles haven't had sex during lockdown.

Sex education charity Sexpression has also launched a campaign on the topic, encouraging people to sexually distance and focus on hygiene and safety.

In a statement they said: "We've been encouraging sexual distancing, which involves hand and sex toy hygiene during all types of sex. Masturbation is the safest option right now."

## Naked nutjob's banged up for flower outrage

ONLOOKERS were shocked when a naked woman spewing obscenities was spotted destroying a council's flower display in a sleepy town.

The bare lady was seen pulling flowers from a flower bed in a park.

Local Mark Nowak said: "I was dropping my daughter off for work just before 5pm when we saw this woman heading right for the planter."

Nowak says he has no idea what was going on aside from an obvious mental health situation, adding: "It's sad but I was scared for my daughter. I have pieces of that flower in my car."

He says police were on scene quickly to deal with the naked flower tosser in Kelowna, British Columbia.

Nowak revealed: "I told my daughter, if you see anything like that again you run the other way."

"Unfortunately, people in that state are unpredictable."

The woman's been taken to the nuthouse.

## Thieves bust after making howling error

**IDIO**T smugglers who stole two **HOWLER MONKEYS** from the jungle were caught – when the beasts started...howling.

Cops uncovered the smuggling bid when they stopped a car for a traffic infraction and heard "strange noises" coming from a suitcase.

Howler monkeys are known for a deep, barking roar and in the wild they are usually heard long before they are seen.

They are a protected species and transporting them is illegal without proper licences.

The monkeys were handed over to the authorities near the Bacalar lagoon close to Mexico's Caribbean coast, and the three suspects were charged.

It is not known what the final destination was supposed to be for the monkeys. Probably China.

# COP SHOP BLOWJOB PAIR 'HAD LOVERS' TIFF'

A **POLICE** sergeant and a WPC were involved in a jealous lovers' tiff at the time they had sex at their police station, a misconduct hearing has been told.

Former Sgt Adam Reed, 40, and PC Jemma Dicks, 28, were said to have conducted a "clumsy and awkward affair" which led to her performing oral sex on her superior on at least three occasions at Cardiff Central police station.

Yesterday, the hearing was told that claims Mr Reed, who has since quit the South Wales force, had used coercive control to manipulate the junior officer

into carrying out the sex acts was "moonshine".

Case presenter Barney Branston said: "Text messages show a lovers' tiff. Jealous, angry barbs thrown by both protagonists against a backdrop of a rather clumsy and awkward affair."

"He may well have led her on. He may well have been deceitful as to his true

intentions, but it's fanciful to suggest she was anything other than an entirely willing participant who embarked on this conduct with her eyes wide open."

Mr Branston said texts showed "mutual bickering, jealousy, and nonsense" between the pair, with PC Dicks becoming jealous that married father-of-two Mr Reed

was also involved with other women including a colleague.

The hearing was told one of the pair were on duty for at least two of the sexual encounters.

PC Dicks said Mr Reed had become abusive and controlling, and forced her to perform the sex acts on him at work.

The hearing, in Pencoed, continues.

AS BRIDGET JONES-STYLE KNICKERS OVERTAKE TINY PANTIES, **Sport** INSISTS...

## SAY it isn't so!

Bumhole-scraping panties are on the way out... and are being replaced by big, Bridget Jones-style knickers.

Celebrities are leading the fashion of saying ta-ra to thongs and hello to big briefs.

Bridget Jones-style knickers have been given high style thanks to Kim Kardashian – with the 39-year-old now owning her own brand of sexy shapewear called Skims.

And Marks & Spencer told *Vogue* that knickers offering plenty of coverage are their best sellers, with shoppers bagging almost three million pairs of full briefs each year.

While fashion platform Lyst revealed searches for “women’s boxer shorts” rose by 25 per cent during June – coinciding with the likes of celebs Mrs Hinch and Saira Khan telling their social media followers they love full-coverage undies.

Well, fashion be damned, we say, and here are five pages of reasons why thongs will ALWAYS be right...

**Sadistic former cop David Middleton was banished from the force in disgrace, eventually earning a living working as a cable TV installer in Reno, Nevada. That job saw him come into contact with many female customers – some of whom never again saw the light of day after he dragged them, kicking and screaming, to his twisted torture chamber...**

# SERIAL KILLER IN BLUE

**CRUELLY SLAIN:** Buffy Donohoe was last seen being picked up by Evonne Haley

**DAVID Middleton is the epitome of a cop gone bad.**

He started out life as a police officer with the Boston PD and later with Miami Metro-Dade.

He was sworn to protect and serve. He did anything but.

## **Raped**

In 1990 – having raped a 16-year-old girl and viciously attacked another woman, sexually penetrating her with a machete – he was jailed for five years and ordered to hand back his uniform and badge.

Middleton, however, was back on the streets just two years later.

By **KOURTNEY KENNEDY**  
[news@sundaysport.co.uk](mailto:news@sundaysport.co.uk)

And, by 1993, he was on his way to becoming a serial killer.

Officially, Middleton's death toll stands at just two. He was convicted of the kidnap, torture, rape and murder of 42-year-old casino worker Thelma Davila and 45-year-old primary school teacher Katherine Powell.

But detectives suspect he could be responsible for many other disappearances and is a 'person of interest' in at least two other slayings.

He currently resides on Death Row,

having been handed the ultimate sentence for his crimes in November 1997.

Jeff Powell, brother of slain teacher Katherine, racked up enormous personal debts as he was forced to take time off from his career as an architect to be at Middleton's trial, losing valuable many customers and most of his income in the process.

But to Jeff, it was all worth it.

He said at the time: "It will be years before I recover from this."

"At the moment I'm treading water with my head just above the surface. I'm in massive debt. I'm getting just enough to make monthly payments."

"It will be a long time before I get back to where I was."

"But at least David Middleton is in prison and will stay there."

In 1988 he was investigated by internal affairs and subsequently suspended from duties on the warrants desk and given a more menial role. Twelve months later Middleton's true colours were beginning to show. In November 1989 he was arrested for a truly horrific kidnapping and sexual assault.

## **Promoted**

Around the same time he got married to Julia Heridia, his high school sweetheart.

By 1982 he'd moved to the Miami Metro-Dade police unit, performing so well that he earned a series of commendations.

He was eventually promoted to detective in the Warrants Bureau and things were looking rosy.

But by 1984 his life had begun to unravel.

Middleton began an affair with a known criminal, Gerrilyn Smith – someone he'd actually arrested.

He then abused his power to ensure that

Gerrilyn was granted low bail from the prosecutor's office in New Jersey.

In 1988 he was investigated by internal affairs and subsequently suspended from duties on the warrants desk and given a more menial role.

Twelve months later Middleton's true colours were beginning to show.

In November 1989 he was arrested for a truly horrific kidnapping and sexual assault.

Legal files revealed: "Middleton coaxed a woman who worked for the Miami-Dade police to have sex with him."

"She had sex with him once consensually, then Middleton raped her at his home."

"He used an animal head machete for anal penetration."

Around the same time he raped a 16-year-old girl while off duty but wearing his uniform.

And by 1991 he was

behind bars, serving a five-year stretch for his ghastly crimes against women.

But, just two years later, Middleton was once again a free man.

He moved to Montrose, Colorado, where he started working as a cable TV installer.

It's around this time that he shackled up with girlfriend Evonne Haley, a woman who would eventually become his sick accomplice.

## **Suspect**

In November 1993, many suspect Middleton committed his first murder, that of newlywed Buffy Rice Donohue, who was just 18 years old. It is a crime for which he has not yet been convicted.

Buffy's bound, battered and decomposed body wasn't discovered until May 1995. She'd been bludgeoned to death with a blunt weapon.

Buffy was last seen

**DEATH SCENE:** A judge and detectives examine the area where other bodies were discovered

**IN FRIDAY'S**

**PURE EVIL:** David Middleton (in court, left, and police mugshot, right) used his job to target his victims

**JAILED:** Haley helped her partner carry out his sick crimes

being picked up by Evonne Haley in the car park of a supermarket.

The court files state: "It was the last time she was seen alive."

"Middleton was spotted taking a big trash bag out of his apartment that night."

Retired Reno Police Sgt Jeff Kaye is certain Middleton is the culprit.

He said in 2009: "Buffy's story breaks my heart. I have a daughter of my own, so I was pretty much crying like Bambi when I saw her tombstone."

"I'm honestly hoping someone will take a second look at this case and do something with it, if only for the sake of the victim's family."

By 1994, Middleton and Haley had upped sticks and moved to Sparks, Nevada.

And the cadavers kept piling up.

In February 1995, a woman's body was found in a dumpster at a Reno apartment complex, wrapped in a sleeping bag and covered in plastic tape.

She was later identified as Katherine Powell.

The court documents reveal: "Her body was loosely bound by rope and, aside from a black tank top and blue socks, was naked."

"The body exhibited bruises, particularly on the elbows and knees, most of which were incurred prior to death."

"There were also bite marks and a semen stain was found on her right thigh."

When cops investigated they learned Middleton had made a service call to the house a few days earlier in his role as a cable technician.

### Body

And that eventually led them to Middleton's twisted storage unit.

The legal files add: "A refrigerator was lying on its back on the floor of the unit. In it were blue fibres similar to those found on Katherine Powell's body."

"The refrigerator had been modified. Its shelves were removed and the floor of the freezer compartment was cut and folded down to make one big space. Two air holes had been drilled in it."

"Police also found a switchblade knife, a stun gun, a foam ball with teeth marks in it and rope similar to that used to bind Katherine Powell's body."

Dr Raymond Rawson, a professor in dentistry, said: "The bite mark on Powell's left breast was inflicted while she was still alive."

He said it was a hard and painful bite that had caused bleeding below the skin – and Middleton inflicted it.

In May 1995 another body emerged, this time belonging to casino worker Thelma Davila.

A dog walker came upon skeletal remains hidden in a secluded valley. The body had been buried but had resurfaced by the digging of animals.

Just as with Katherine, cable TV had been installed in Thelma's home shortly before her disappearance.

Middleton and Haley were swiftly brought in for questioning.

### Cracks

While they initially denied all knowledge of the slayings, cracks in their statements soon began to appear.

Middleton eventually admitted taking a woman to his storage unit for sex.

Then he changed his mind again to admit that, yes, she had died but she'd accidentally strangled herself during consensual relations.

But prosecutors said: "There was a scheme or plan on Middleton's part to meet women, abduct and hold them captive, abuse and kill them and then dispose of their bodies."

"Davila and Powell were both unmarried

females of a similar age, both were alone at home when they disappeared, both homes had been serviced by Middleton's employer, TCI Cable, and Middleton had met both victims before their disappearance."

On top of that there was the damning DNA evidence that linked Middleton to his victims.

He was found guilty of two counts of murder in August 1997 and handed a death sentence three months later.

Accomplice Haley, meanwhile, pleaded guilty to four counts of accessory to a crime and was sentenced to 11 years in prison. She was released from custody in November 2003.

Detectives are still investigating a number of unsolved murders.

In 2010, police in Montrose, Colorado – where Middleton had once lived – released composite pictures of a woman whose naked remains were recovered in a remote area in 1994 in the hope it might help to identify her.

The corpse, believed to be between the ages of 35 and 45, had been dumped 18 months before it was discovered.

And sure enough, Middleton had been a 'person of interest'.

Now 59 years old and with all appeals slung out of court, it seems the 'Cable Guy' will die on Death Row.

# 'KILL A BUNCH OF HUMAN SCUM..'

## Teens planned massacre like Columbine shooting

By COLIN HURST [news@sundaysport.co.uk](mailto:news@sundaysport.co.uk)

**TWO teenagers obsessed with the Columbine school massacre have been accused of planning mass shootings.**

The pair targeted two high schools and were allegedly going to "kill a bunch of human scum".

John Schultz IV, 18, and Donald Robin Jr., 17, were so obsessed with the 1999 Colorado school massacre, they even had tattoos of guns with quotes from killers Dylan Klebold and Eric Harris.

They bought black trench coats to look like the mass murderers as they waited for schools to reopen in Rochester, Indiana.

Police were tipped off by an informant who said Schultz had bragged about the plan to "kill as many as they can and kill themselves just like Columbine".

**BRAGGED:** Schultz

### Weapons

"I'm killing myself after I kill a bunch of people," Robin said in Facebook messenger chats, saying he had an "itch" for a massacre.

"We're peacin out when we kill a bunch of human scum," he reportedly wrote in the chats.

As well as discussing the weapons they would use, the teens planned out how they would first kill the security guard to get the maximum body count before a SWAT team could arrive.

Robin also discussed shooting up festivals,

**'ITCH' TO KILL:** Robin

black churches and even an airport, court documents said.

The pair were each charged with conspiracy to commit murder and intimidation.

# JUSTIN DUNN'S ROOM 101

**WHAT'S ANNOYING HIM THIS WEEK?**

## THE FAR-LEFT LOONS WHO DID THIS ARE COWARDLY NUTTERS

**LAST week a well-known politician visited my neck of the woods looking into hotel accommodation currently being provided for what he calls 'economic migrants'.**

Now, Nigel Farage may not be your cup of tea in the slightest, but he's as entitled to his views as much as you are.

As a reporter living locally, he naturally sought me out to talk to, met and interviewed several other people, made a recording about it, and posted it online.

The clip hit people's phones, tablets and laptops at 5pm on Friday evening.

Hours later on Saturday morning, when the missus flicked the kettle on and then let the dog out at 7am, she was confronted with huge graffiti on the pavement right outside our front gate.

Daubed in white paint, with an arrow pointing to our house, it said, in capital letters: "RACIST C\*\*\*."

I'll take the latter insult on the chin. The "racist" one I absolutely will not.

### Intolerant

And I really won't be in any way accepting that it's okay to come along and vandalise the pavement outside my home, upsetting not just my family but also my neighbours and friends.

That the cowardly little shit did this in the dead of night tells you all need to know about the self-styled social justice warrior.

I wonder, when I find out who did it and go pay him a visit, perhaps with my own can of paint, if he'll be such a brave little soldier then?

But what happened to us is

just another example of how the intolerant left operate.

I don't mean decent Labour Party supporters – which is still most of them.

No, I'm talking – yet again – about the far left cranks.

These are the people who want to (and have) torn down statues they've been walking past without even noticing for years.

The people who insist men can give birth and that chicks do have dicks.

The mad, foaming people normally found at strange rallies banging on about how great The Smiths once were, which was probably before they were even born.

The halfwits who automatically scream "racist" at anyone who doesn't immediately agree with every mad bit of shit that comes out of their mouths.

### Toxic

These are not real people. They're nutters.

Noisy, never-off-Twitter nutters, yes – but still just nutters.

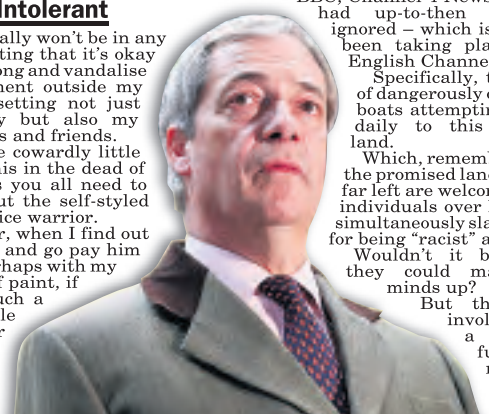

All Farage was doing was making a news report about something the BBC, Channel 4 News and Sky had up-to-then studiously ignored – which is what has been taking place in the English Channel.

Specifically, the dozens of dangerously overloaded boats attempting to cross daily to this promised land.

Which, remember, is only the promised land when the far left are welcoming these individuals over here while simultaneously slugging it off for being "racist" and "toxic".

Wouldn't it be nice if they could make their minds up?

But that would involve having a fully functioning mind in the first place.

## Big Apple grappling gun surge

NEW Yorkers are arming themselves at a record pace as the Big Apple goes rotten at the core.

They bought more guns this June than any other June in the past decade, and the surge has coincided with a huge rise in shootings in the city.

The FBI ran 52,252 background checks in that month for people seeking to buy firearms there, a 121 per cent increase over June 2019.

Most, or 31,003 background checks, were for people seeking to buy a rifle, while handguns accounted for 11,585.

One gun store owner said he has been so busy he sold six to nine months of inventory in just a month after the lockdown ended.

He said he sold out of almost everything he had in the store, noting many first-time gun buyers bought rifles.

New York saw 205 shootings in June – the bloodiest June in 24 years, going back to 1996, when the NYPD logged 236 incidents.

## Wizard's had a fun spell in the limelight

THE world's only official WIZARD is hanging up his magic wand – aged 87.

Since 1998, UK-born Ian Brackenbury has been paid £6,000 a year for "wizardry" by the local council in Christchurch, New Zealand.

Strolling the town streets in his robe and hat, and regaling any passerby who'd listen with his life theories, Brackenbury became an instant icon, even boasting a Trip Advisor score of four out of five stars, prompting the City Council to put him on the payroll.

"Every day the world gets more serious, so fun is the most powerful thing in the world right now," Ian said, reflecting how his job is not about casting spells, but about having fun.

He now is training his successor to take over.

## Judge rejects plea deal

**SEXUAL CONTACT:** Roznowski faces five charges

## Bot a load of bum cheeks!

**BOT** an amazing snap!..

Three of the fittest babes on the planet, stark naked and lined up with their fragrant bumholes pointing your way!

Instagram stars Danielley Ayala and Ryan Reid joined grumble legend Riley Reid for this red-hot line up.

One fan said: "Left, then right, then middle – then spray my leavings over all three. Nurrri!"

**A PRETTY teacher has admitted flashing her fanny at an underage student – who later told cops it was "every kid's dream".**

But a judge has rejected a plea deal for the former high school paraprofessional, who is also accused of having a sexual relationship with the teenage lad.

Courtney Roznowski, 32, faces five charges – three counts of sexual assault of a student and two counts of exposing "intimate parts" to a child.

By COLIN HURST  
[news@sundaysport.co.uk](mailto:news@sundaysport.co.uk)

Prosecutors and the defence had agreed that Roznowski would enter a plea to one of the exposure counts, while a second would be dismissed but considered at sentencing.

### Trial

All three counts of the sexual assault by a staff member would be dismissed – but Judge Donald Zuidmulder said he would not accept the deal.

"I don't believe this agreement complies/meets the public interest," he said.

The judge instructed both sides to offer written arguments as to why the plea deal should be accepted.

He will rule on the matter on August 27.

Either a plea will be

accepted then, or the matter will be scheduled for trial, the judge said. Roznowski, who was a paraprofessional at Southwest High School in Green Bay, Wisconsin, admitted to having sex with the boy twice and that she and the boy "love each other".

She acknowledged to police that the sexual contact was illegal.

The teen eventually admitted to the sexual contact, at one point telling police, "Well, it is every kid's dream to do a teacher".

He said he ended the relationship.

When Roznowski was initially arrested, the Green Bay Area Public School District placed her on unpaid leave. She resigned last autumn.

# THE WORLD FAMOUS AGONY Page

Dear Bexi,

I went on the piss last week and pulled a Dutch student who is over here for a university course.

She's blonde with a cracking body – big tits and a lovely arse – and she had a very liberal attitude towards sex!

On the first night I shagged her, we did everything – oral, 69er, doggy-style and even ANAL!

I started off by undressing her and then licking her out. She was loving it as I slurped away at her love-tunnel and it wasn't long before I'd got her juices flowing.

I brought her to orgasm, then she made a grab for my cock, pulling it out of my jeans and sucking hard on it.

She was begging me to take her from behind and I eased myself into her gash. But after only a couple of minutes of thrusting into her, she demanded I stick my dick in her bumhole!

I couldn't believe it! Are all European birds this filthy?

GT, Glasgow

Bexi says...

YES – the Germans are even better!

Dear Bexi,

MY girlfriend and her filthy mate put on a bit of a lesbo show for me a couple of weeks ago and I ended up boning them BOTH.

Me and the missus got chatting ages ago, after one of our wild sex sessions, about trying a threesome at some point.

Thankfully, she was up for doing it with another bird and quickly arranged for her fit pal to make up the numbers.

When we got down to business, I slipped into her mate from behind while she was licking my bird out.

They then changed over and I did my bird while she was fingering her mate.

The problem is that my girlfriend's mate is so much better in bed than she is. I've shagged her on her own a few times and she was absolute filth.

I'd now like to move in with her, but I don't want to ruin a relationship which has lasted a long time. What should I do?

FT, east Yorkshire

Bexi says...

THE wise thing to do would be to stay with your girlfriend, but I dare say you will do whatever you want. It's your choice.

Dear Bexi,

I VISIT a company run by a young husband-and-wife team to help with their computer systems.

When I arrived last week it was very hot and the wife was wearing a skimpy low-cut top.

When she bent over I couldn't fail to notice her round tits and pert nipples.

She smiled and encouraged me to massage her tits while she stroked the bulge in my trousers.

I put my hand up her skirt and inserted two fingers straight up

her fanny and worked away until she climaxed.

She then said she wanted to watch me wank. She slid off her knickers and spread her legs while I beat one off – though anyone could have walked in.

I have to go back in a couple of weeks and can't afford to lose the contract – which I will if the hubby finds out.

What should I do?

PW, Southampton

Bexi says...

PROGRAMME her to be careful.

## AGONY IS BROUGHT TO YOU IN ASSOCIATION

**WELCOME to the World famous Sport Agony page! No other newspaper's agony aunts can offer the level of advice – or experience – than our own Agony Angels! This week BEXI WILLIAMS has been reading through your letters. And here's her advice for you...**

# Park nookie spy was our son's girlfriend!

**Dear Bexi,**

**I WAS inspired to try a shagging session with the missus in our local park after reading about the fun and games that students get up to in your paper.**

They seem to get off on having sex in public places and I thought my wife might enjoy it.

We're both in our 40s and our children have grown up and moved out, which means we can experiment with sex again.

When I mentioned doing it in the park, she really got into the idea.

She settled on a pair of thigh-high black boots with a loose knee-length skirt and overcoat – and no underwear at all!

It was just going dark and on the

walk to the park I managed to get my hand up my wife's skirt.

Judging by her soaking fanny, she was as turned on as I was.

In the park I sat on one of the swings and my wife got down on her knees and gave me a slow and sensuous blowjob.

Then she lowered her skirt and straddled me on the swing. We managed to get quite a rhythm going as we swung back and forth.

## Slippery

At this point I caught sight of a young woman over my wife's shoulder, standing under a tree watching us.

So I pulled my wife's arse cheeks as wide apart as I could to give her a better view of my big, fat cock thrusting in and out of her.

The woman hitched up her own skirt and got her hand in her knickers.

I was so turned on by this, I quickly

sent my load deep into my wife's dripping pussy.

That's when my wife also spotted the young woman and decided to give her a real show by bending over the slide and slowly fingering her slippery fanny.

I thought she'd stop when the woman came over, but instead my wife ordered her to get her tongue in.

It was a fantastic sight as I sat there and watched. But when I took a closer look at the young woman's face, I got a shock as I realised it was our son's latest girlfriend.

Now I'm worried that she'll tell our lad what we were up to.

**Bexi says...**

**WHY worry? He might be proud of you for having a shag in the park at your age.**

**Dear Bexi,**

**I'M a 24-year-old builder who has been working on some new flats in a posh part of town.**

A woman next to the site seemed to be regularly at her window and it was clear she was ogling me.

We got chatting and she invited me in for a sandwich. But it was clear that more was on offer.

She said she was divorced and hadn't had sex for ages. And she said it was her fantasy to shag a hairy-arsed builder.

She's 40 and a curvy 36D with long black hair.

Normally, I think of myself as a sensitive lover who always puts the woman first.

But this time, I grabbed her roughly and stuck my tongue down her throat.

Then I unzipped and coaxed her head down and she took my bulging cock in her mouth.

Then she hitched up her skirt to reveal no knickers and a neatly-trimmed bush.

I called her a "slut" as I pushed her over the sofa and then plunged deep into her fanny.

Since then I've been for a shag at hers most days. But when I offered to take her out for a meal, she said she wouldn't be seen dead with a builder!

*DD, Manchester*

**Bexi says...**

**SO she wants a physical relationship with you and nothing else. Enjoy!**

# Gutbucket swinger rode me like a hippo

**Dear Bexi,**

MY wife and I were looking to join a swingers' club and I made contact with one in our area – where the pictures of the women looked great.

We went to a party at the home of the club's chairman, but I quickly noticed the women there were all pretty ugly or really fat.

I asked the chairman about the women I had seen on the website and he said they were former members.

My wife, however, seemed to be enjoying herself and she soon went upstairs with the chairman, who was grinning like a Cheshire f\*\*king cat!

Then a fat bird waddled into the kitchen and eyed me up. To be honest, I don't normally go for women who are larger than a size 10, I simply can't stand the sight of all that flabby flesh when I'm banging a bird.

## Pounded

Anyway, this gutbucket turned out to be the chairman's wife, so I thought "f\*\*k it" when she got hold of me and led me upstairs.

When she stripped off her kit to reveal her five bellies I felt a bit sick, but stuck with it.

Then she took out her false teeth, sucked me until I was semi-hard and hopped on my poor old man and rode me like a hippo.

Afterwards I escaped to find my wife and watched as the chairman gleefully pounded her.

I never want to go again, but my wife loved it and wants us to go every bloody week!

What should I do?

*RF, Devon*

## 'Baring all for outdoor nookie is so naughty and thrilling'

# NTASY

**I HAVE a high sex drive all the time, but I'm especially horny in the summer.**

Wearing fewer clothes makes me feel sexy and of course there's more opportunity for outdoor nookie!

Just the other day I went for a picnic with a bloke, we're friends with benefits, and things got a little wild.

We were walking on a grass area along a cliff with lovely views. There were lots of families around us.

We sat down on a bench. I was sitting on his lap, and we started kissing.

We were trying to be appropriate, but then I could feel his hard on and the feeling that I just had to have him there and then took over!

So we snuck off from the path into some long grass and soon began ripping each other's clothes off.

We could still hear people all around us, but we couldn't stop and didn't care.

It felt so naughty that my boobs were exposed in the open air.

I went on all fours, invitingly, and he soon started pounding me from behind.

The warm sun and gentle breeze on my bare bum and tits felt amazing, and it felt thrilling knowing we could get caught any moment.

We came at the same time, it was so intense that he had to put his hand over my mouth to stifle my moans.

**P**ORN star stunna Misha got her big break in the adult industry when she shoved a DILDO up her ARSE.

The Czech-born babe might look sweet and innocent, but in a bid for fame the 33-year-old was snapped pleasuring her bumhole.

Misha's kinky act was for a sex magazine titled *Anal Thrill Time* – and once her pictures went viral she was snapped up by the porn industry.

The 34E babe said: "The pics showed me fingering my pussy while sliding a dildo into my bottom."

"A big producer saw a copy of *Anal Thrill Time* at a railway station in Frankfurt and, after that, I was inundated with work. OOF!"

**KAYLEE SAYERS**

WE'VE had stacks of requests begging us to print a snap of Essex stunna Kaylee Sayers' 32DD assets.

Salford taxi driver Gary Hartley was one of the many readers who asked for a photo of the 24-year-old model.

He said the Billericay-born lass is his all-time fave pin-up and it would really make his day to flick through his favourite newspaper and see busty Kaylee with her norks out.

Gary, 42, said: "Answer my prayers and run a picture of crackign Kaylee? It's been ages since I saw a pic of her topless."

You're right, Gary, Beth's got a fare pair!

**JESS WEST**

**RAUNCHY** Jess West was the choice of Harry Jackson after he bumped into her on a night out in Gillingham. Student Harry, 19, couldn't stop staring at 28-year-old Jess when he spotted the Rochester beauty partying away in the Kent city.

He said: "I need to see more of Jess as she looked sensational when I saw her dancing all sexy and stuff."

"But I'm certain she'll look better without her clothes on! Make my day and print a photo of her flashing her 34Cs, please?"

**KATE JONES**

THIS stunning shot of Welsh wonder Kate Jones comes at the request of reader Thomas Matterson.

Thomas, 37, from Ipswich, emailed asking for a photo of the 30-year-old's 34Ds to add to his collection of topless babes he has stuck on the inside of his lorry cab.

Thomas said: "I'm always on the road and photos of all my favourite *Sport* girls keep me going."

"I have a huge collection stuck to the inside of my cab but one I'm missing is Kate. Help us out, eh?"

**LOCAL MOVE:**  
Maitland-Niles

## Maitland Niles won't go miles if Spurs swoop

### TRANSFER TALK

TOTTENHAM have joined the race for Arsenal's Ainsley Maitland-Niles.

Everton were interested in signing the utility player who doesn't appear to be highly rated by Gunners boss Mikel Arteta.

But that's not a view shared by Jose Mourinho who likes a player who can feature in different positions. Maitland-Niles is comfortable in midfield or defence and was progressing well until injury struck last season.

The Gunners have slapped an ambitious £30m price tag on a player who is only 22 but has played more than 100 times for the club.

A figure nearer the £20m mark would get the deal done.

Arsenal need to make space in their squad and reduce their wage bill.

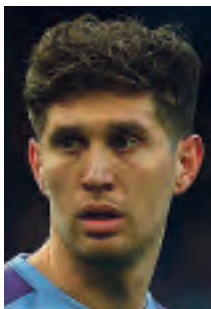

That's because they have offered a big rise to Pierre-Emerick Aubameyang and are bringing in Willian from Chelsea on big bucks too.

Stamford Bridge needs a revolving door with all the deals boss Frank Lampard is trying to pull off.

He is desperate to pay Manchester City £20m for unwanted defender John Stones.

The 26-year-old has fallen right down the pecking order for club and country and the fee reflects that.

City boss Pep Guardiola has just bought Nathan Ake from Bournemouth and Stones was already

**BRIDGE BOY:** Stones

frozen out for the latter part of last season.

Chelsea were poor at the back last season and Stones would love to sign for another Champions League club.

City could yet bring in another high-profile central defender in Kalidou Koulibaly.

He had a mare for Napoli in Europe last week but is still very much wanted.

The issue for Pep is the fact that United are also in the hunt for the 29-year-old.

That could push his price up to silly money and the Italians are already talking about £90m.

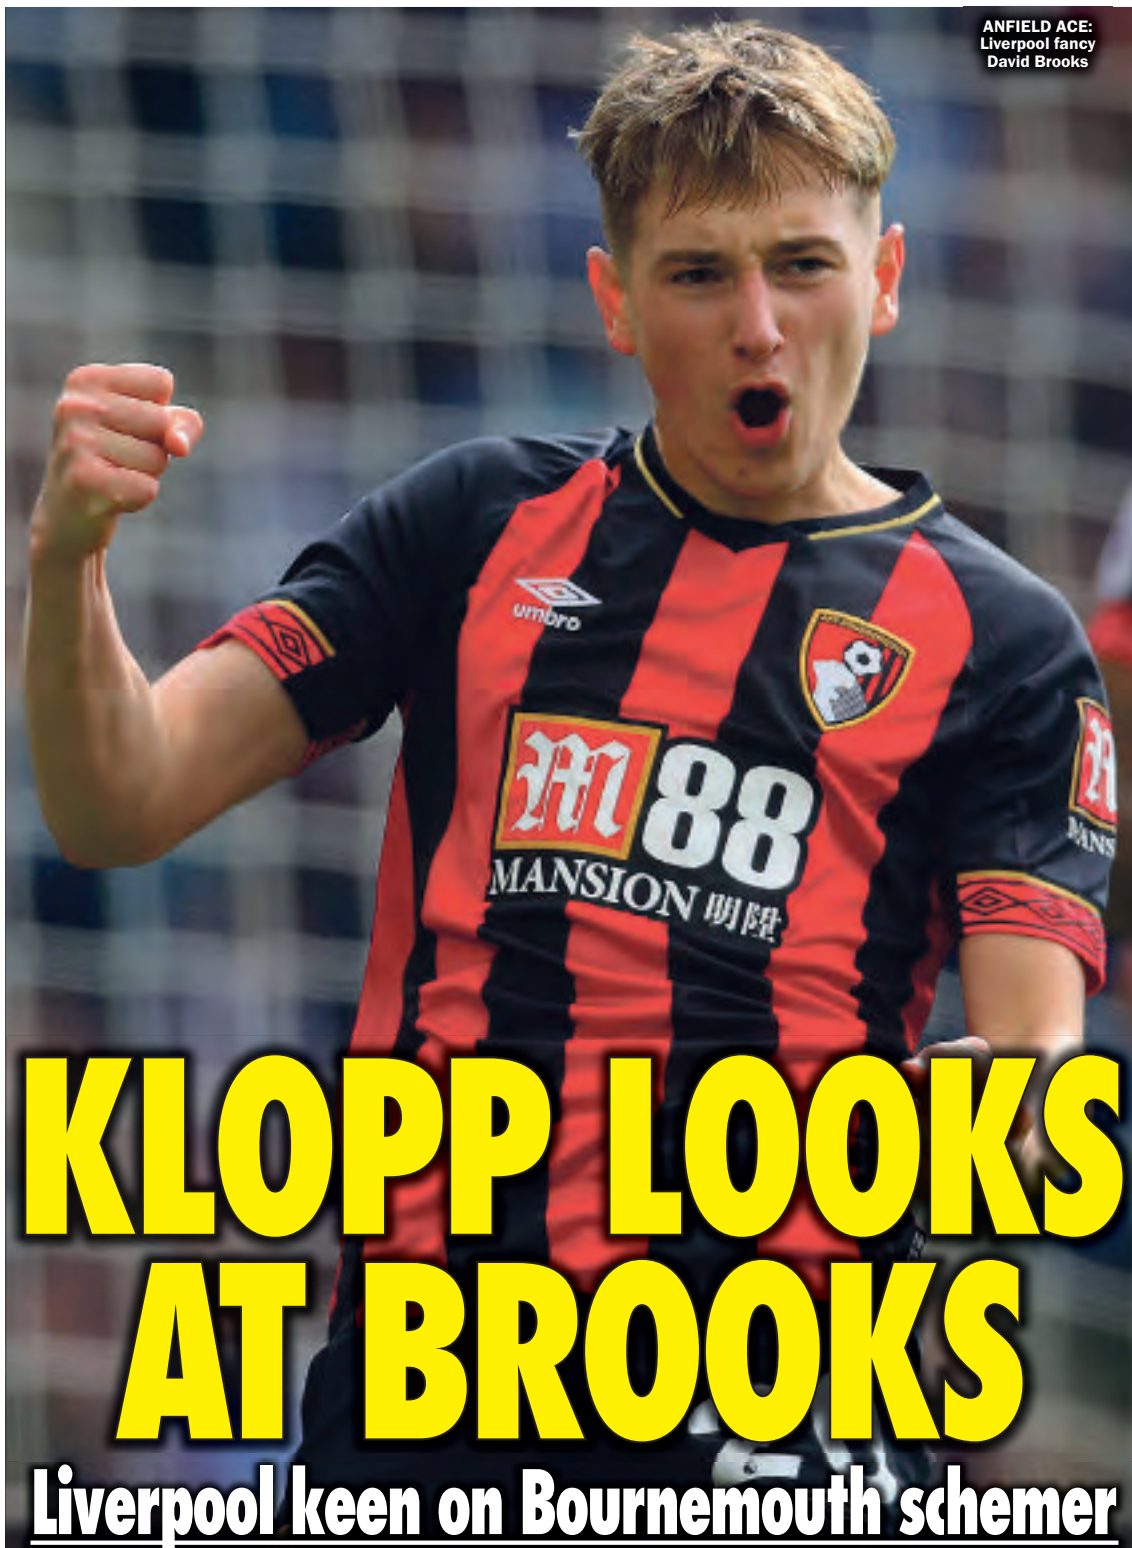

City will not want to get into a bidding war with their neighbours but could throw Eric Garcia into the mix.

He's for sale at £30m after stalling on a new contract at the Etihad.

The young Spaniard could be used in part of a swap deal to get Koulibaly ahead of United.

## Liverpool keen on Bournemouth schemer

**LIVERPOOL are lining up a £35m window deal for Bournemouth midfielder David Brooks.**

The Reds have just lost Adam Lallana to Brighton and the 23-year-old is in a similar mould to the former England international.

The champions are nipping in as Everton and Spurs were thought to be in talks with the relegated Cherries.

Brooks was a big miss for them last season as he struggled with an ankle injury.

Now Anfield boss Jurgen Klopp has to convince him that there will be enough game time on offer.

Lallana barely featured

last season and the likes of Naby Keita and Alex Oxlade Chamberlain are also trying to force their way into the side.

But insiders say Klopp has not been happy with the size of his squad and is looking for more competition for places.

He also wants to make more of a challenge for the FA and League Cups which have very much been an afterthought at Liverpool lately.

It looks like Xherdan Shaqiri has had enough of sitting in the stands and he'll be on his way back to Europe in the next couple of weeks.

Both AS Roma and Sevilla

are thought to be interested in signing the Swiss wideman which would make a buy like Brooks all the more important for Klopp.

One man who looks certain to join the Reds is left-back Kostas Tsimikas.

A deal worth around £12m has been agreed with Greek side Olympiakos for the 24-year-old.

He is heading to the north-west after Norwich refused a similar fee for Jamal Lewis who appears to have missed his chance.

The Canaries were holding out for £20m and other top teams are likely to come calling now that Liverpool revealed their admiration.

As for Tsimikas, he is an

other who will be getting time on the pitch in cup games and will try to force Andrew Robertson out of the team—which looks a tall order.

And another young defender could be heading to Anfield with Klopp more than keen to sign Ben White from Brighton.

With Dejan Lovren gone to Zenit St Petersburg, the Reds could be short of cover in the heart of their back line.

White was a key part of Leeds' promotion to the Premier League last season on loan from the Seagulls.

He would cost around £15m and looks ideal to bolster the Anfield squad although he may stay at Elland Road for good.

## It's Taylor made to play your cards right

REF JUSTICE:  
Anthony Taylor

### THE feast of European football goes on — and it's getting towards squeaky bum time.

Atalanta and Paris St Germain meet in the first Champions League quarter-final this evening in Lisbon. Don't forget they are one-off matches now rather than the usual two-legged affairs.

It's a game that will be refereed by the Premier League's Anthony Taylor who was heavily criticised for his handling of the FA Cup Final although I felt he got most of the big decisions spot on at Wembley.

Yes, he got duped by Granit Xhaka's histrionics, but Taylor is not afraid of making decisions and giving cards if he believes players have overstepped the mark.

### Pedigree

PSG have reached the last eight of the Champions League five times in the last eight years, but they are looking to reach their first semi-final since 1995.

Paris have lost to Barcelona three times at this stage recently and it is fair to say that Atalanta do not have the same European pedigree as the Catalan giants although Atalanta finished third in Serie A last term and broke club records for number of top-flight points (78) and victories (23).

Paris, however, won the do-

mestic treble in France for a fourth time and they have lost just one of their last 30 games in all competitions although that was at Dortmund in the last sixteen.

Di Maria — suspended — and Veratti — injured — will miss the tie in Portugal and a late decision will be made as to whether Kylian Mbappe will be fit to start for the French champions.

Paris go into the tie 11/2 third favourites to lift the Trophy behind Manchester City — 9/4 at Boylesports — and Bayern Munich who are 10/3 with Betway.

PSG are Evens at Unibet to win in 90 minutes this evening with the Italians 3s and the draw at 13/5.

Despite struggling to make the knockout stages earlier in the season, Atal-

anta can beat any side in world football on their day and that is what makes this tie difficult to call. They are proper mavericks when they are on a going day.

Bet365 are betting 5/6 there will be five or more bookings in the match and, with Taylor in charge, that is the recommendation in what promises to be a hugely entertaining tie.

In tomorrow's second quarter-final Atletico Madrid will meet RB Leipzig again in Lisbon and this is another tough game to call.

The Bundesliga side were much too good for last season's beaten finalists Spurs while Atletico rode their luck in going one better — knocking out last season's winners Liverpool.

### Narrow

The Spanish side are 8/1 to lift a first Champions League with RB 20s with bet365.

Both sides finished third in their respective leagues but Madrid are favoured by the oddsmakers and they are 8/11 with Paddy Power to make it through to the last four whether that is in 90 minutes, extra-time or penalties with Leipzig 11/10.

Atletico are resilient — often ugly — but know how to win, just ask Jurgen Klopp, but I think RB have been the find of the competition to date and they get the narrow vote at 11/10 to make the last four.

## ANDERSON HAPPY TO SEE CRICKET HAVE HEART

### CRICKET

JAMES Anderson says it's a good thing that cricketers aren't forced to play when a crisis hits.

Two England players will miss the second Test against Pakistan on compassionate grounds. Ben Stokes has headed to New Zealand for family reasons.

And the player tipped by many to take his place in the side — Ben Lawrence — has left the bio-secure bubble due to attend a funeral.

Zak Crawley is now likely to come in — but Anderson is happy that players know they can step down for non-cricketing reasons if they have to.

It's a far cry from when England internationals were just expected to get on with things.

He said: "I do think cricket is more empathetic now, yes.

"It has definitely changed for the better. We quite often take this game very seriously — I have done this week — and it is quite a big deal for some people.

"But there is nothing more important than family. It is something that certainly Joe Root and Chris Silverwood have brought in under their leadership — family comes first.

"And this group of players rally round each other and help if there is anything that needs help."

Anderson has laughed off talk that he'll hang up his boots at the end of the current series.

The 38-year-old had one of his quieter games at Old Trafford as England went 1-0 up in the series with a quality run chase.

The Lancashire seamer insists he'll be available for the Ashes next winter and has no plans to pack in.

Anderson said: "For the first time in probably

MISSING: Stokes

10 years I got a little bit emotional on the field. I got a bit frustrated and let it get to me a little bit. It reminded me of when I first started playing, when you get frustrated and a little bit angry, you try and bowl quicker and quicker and it doesn't help.

"Yes, I absolutely want to play in the Ashes. But it's not like that's a focus of mine. I want to play as long as I possibly can. I'm still hungry to play the game.

"If I keep bowling the way I did, the opportunity to retire will be taken out of my hands. It will be a selection issue."

## Lamps eyes £30m Ajax keeper Onana

**FRANK Lampard has found a cut-price No1 to solve his keeper crisis.**

The Chelsea boss has bombed out Kepa Arrizabalaga — dropping him in favour of veteran Willy Caballero.

That didn't go to plan as the Argentinian was part of

the side that lost the FA Cup final and were spanked by Bayern Munich.

Lamps was hard on the heels of Atletico Madrid gloveman Jan Oblak with the hope of throwing Kepa in as part of the deal.

But the Slovenian stopper would cost the best part

of £100m and is reluctant to play for a team that needs plenty of rebuilding.

He is acknowledged as one of the best keepers in the world and there would be other suitors if he decided to leave Spain.

So Lampard is going for Ajax No1 Andre Onana instead.

He has already signed

Hakim Ziyech from the Dutch masters and Onana would be a bargain at around the £30m mark.

The Cameroon keeper is just 24 and spent five years at Barcelona before going to Amsterdam.

He has two years left on his deal with Ajax but has made it clear that he wants a Premier League move.
